

BUILDING OPTIMALLY MOTIVATING ORGANIZATION

MAY 31st 2019, Mama Shelter Belgrade

Lead.art 2019 masterclass is designed for **HR managers and top managers** who actively contribute in top-down building of corporate culture as well as take care of people results and motivation in their organization. Here, you will get support for creating conditions for building organizational culture that is driven by optimal motivation. **The ultimate goal after this masterclass is to have people in the organization who manage their own motivation. Your role at this masterclass is to learn how to create conditions in organization for such a change.**

DESIRED OUTCOMES FOR PARTICIPANTS AND THEIR ORGANIZATIONS

- To define the **mindset** of people in the company that promote intrinsic and sustainable motivation, to become more aware that the responsibility for it is on leaders as well as on employees themselves.

Mindset of Self Leader

- To become aware that the people are always motivated and to get to know the **set of skills** which every manager can learn in order to help people be motivated with more quality. Why are people motivated, what makes them tick, how can you help them motivate themselves?

Spectrum of Motivation

- To create **plan of steps** necessary for implementing the change of motivational culture and creating environment which support optimal motivation.

ABOUT THE ORGANIZER

Since 2006, **H.art** aims to develop managers, raise their competences to a higher level, improve processes in the companies and build leadership culture. This team also operates under the name of **Blanchard Serbia** as a representative of the Ken Blanchard Companies, leadership development and leaders assessment worldwide recognized consultant company.
